

## Mechanical/Electrical Fitter

### Ellesmere Port

Would you like to be part of building a future without waste?

BIG ATOM is a high growth recycling company with ambitious plans to create a circular economy for tyres. We use innovative technology to extract all raw material from a used tyre. These raw materials are sold to manufacturers to create new products. We have helped to provide a sustainable solution for over 1,000 businesses and are expanding our services across the UK.

BIG ATOM challenges the notion that *'it has always been done this way'*. We promote transparency which encourages entrepreneurial behaviours such as curiosity and first principle thinking. This allows us to find solutions to complex problems.

We are looking for an ambitious Mechanical/Electrical Fitter at our Ellesmere Port facility. You will contribute to the smooth running of the operations and report into the Mechanical Engineer. You will work days on a 12 hour, 4 on 4 off shift pattern. We are looking for someone who is has a strong work ethic with an ambition to take on challenges and progress their career.

#### What you'll do

- Championing health and safety by making sure all necessary PPE is worn and SSOWs are followed
- Ensure work is completed in a safe and timely manner and recorded accordingly
- Carry out PPM maintenance and record all details of inspections
- Carry out routine checks in the workshop area to make sure all tools are organised and maintained accordingly and kept in good condition
- Plan, rig, sling and act as banksman for simple lifting operations
- Ensuring work areas are kept clear at all times and that unused or waste material is returned or disposed off properly
- Assist with ad hoc projects as required

#### What you'll need

- Previous experience with maintaining heavy-duty machinery is essential
- FLT counterbalance experience is essential
- Team player who is dedicated with excellent time keeping skills
- Apprentice trained maintenance fitter is desirable
- Understanding of electrical systems is essential.
- Fabrication experience is desirable

#### What we offer

- Perk Box, a benefit which provides discounts on everyday purchases and an Employee Assistance Programme
- Career progression opportunities with a growing business
- A dynamic site which is always looking to develop the people and process further
